

FLOOR DEPOT®

REVERSIBLE Laminate

6G

FLIP IT!

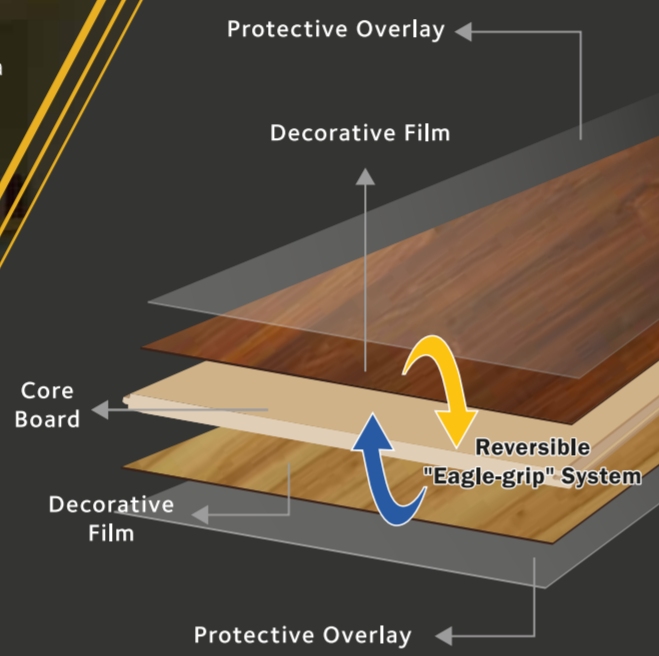

Yes, as simple as flipping the **6G Reversible Laminate** floorboard on its flip side, a totally new look beckons at your home or workplace. Thus, you can change the appearance of your property as and when you desire, with eagle-grip.

Manufactured to perfection, the **6G Reversible Laminate** is truly in a class of its own. It is the new "face" of premium laminated flooring that is well-endowed with revolutionary features (e.g. **Reversible "Eagle-grip" System** and **Mixed Solution**) for an extended lifespan and ultimate peace of mind.

Choose from a host of well-balanced, all-natural wood patterns and hues, to embellish your indoor settings and just **'Flip It!'** whenever you feel like it. With the Floor Depot **6G Reversible Laminate** getting stuck with a particular floor design is a thing of the past.

THE ADVANTAGES

- > Reversible (two-sided) floorboard
- > Abrasion-resistant
- > Stain-resistant
- > Flame resistant
- > Impact-resistant
- > Low and easy maintenance
- > Hassle-free and glue-free installation
- > Waterproof and washable **2FACE+**
- > Termite-proof **2FACE+**
- > Recyclable materials

REVOLUTIONARY FEATURES

> **Mixed Solution**

This is a perfect combination of two distinct types of floorboards i.e. 2FACE and 2FACE+ to form a hybrid solution. It results in significant cost-savings, whilst effectively protecting the floorboards from termites and water damage.

> **Reversible "EAGLE-GRIP" System**

Both the 2FACE and 2FACE+ collections adopt the revolutionary Reversible "Eagle-grip" System to greatly enhance the 'locking strength' and overall stability of the floorboards.

> **2 Design For 1 Price**

On either side of the floorboard adorns a brilliant high-resolution image of natural wood. Thus, the two different flooring designs for the price of one invariably makes it a popular choice.

> **Trade-In Plan (TIP)**

After using it for a period of time, the floorings can be traded-in for flooring vouchers. This effectively preserves the value of your flooring for an extended period.
